

Jubilee 150th Celebration – Logo

St. Albert Paroisse **150** Parish ans years

About the Logo:

This traditional design uses stained glass elements to depict three major groups that contributed to the historical establishment and growth of St. Albert Parish during the last 150 years. The face represents the Grey Nuns, the feather symbolizes the Aboriginal people, and the cross represents the Oblates. Roots at the bottom of the cross depict the growth of the Parish through dedication and commitment of those who settled here and worked to make the Parish a viable faith community. The uplifted face of the Grey Nun symbolizes the devotion to God and the spread of the Word that were an integral part of the Parish's faith development. The rays coming from the cross represent the spread of God's word in the community through the Oblate Fathers and the Grey Nuns. The stained glass style connects to the historic use of stained glass in the church.

Congratulations to the three winners of the "Logo Contest" who helped in the creation of the logo:
Ryley Fetter, Leanna Wright and Caitlin Kres
